

Sandip Mahajan
Executive
Group Safety & Health
Tata Business Excellence Group

Sandip Mahajan works with the Group Safety & Health team at Tata Business Excellence Group (TBExG) and is responsible for MIS reporting, data management and data analysis/analytics on safety data across the group. He manages the safety efforts within the TBExG team which include training sessions, office safety audits and mock drills.

Over the years, Sandip has developed several automated tools to reduce repetitive tasks which recur on a daily or frequent basis.

Prior to TBExG, Sandip was working at Persistent Systems as an ETL developer and tool manager with MIS reporting through Omniture.

Sandip holds a Bachelor's degree in Computers from Pune. He likes to spend time with friends, family and technology, and visit historic places.
