
Simran Bhullar
Senior Manager
Tata Business Excellence Group

Simran Bhullar, Senior Manager, Tata Business Excellence Group (TBExG) supports the initiatives of the Benchmarking Programme which is designed to assess the business processes and performance metrics to the best in the industry and best practices from other companies. She works with companies to identify internal opportunities for improvement by measuring their performance to the best in the industry. This enables companies to continuously strive and work towards excellence.

Prior to joining TBExG, Simran was a strategy and market analyst at Tata Steel for 9 years, working in the Raw Material Strategy (Corporate Strategy & Planning) department. In the 9 years, she has also been part of the Business Analyst Group for the Medical Services Division and was a part of the Cost Improvement projects and major Capex projects which involved improvement and upgradation of TMH facilities. She has worked closely with Tata Digital Health in piloting their first rollout programme in Jamshedpur. She was awarded at 'Aspire Night' held at Tata Steel for her contribution towards the Cost Improvement project at TMH.

Simran has a bachelor's degree in BCom (Hons) from Lady Shri Ram College for Women, Delhi University, and has also completed her post graduate diploma in Management from ISB&M, Kolkata.
